Education:

M.A. Constantine the Philosopher University, Nitra, Slovakia (2001-2007). Major - Archaeology
Thesis: Cave Settlements in South-Central Slovakia and the South-East Area of Eastern Slovakia
During the Bronze Age and the Hallstatt Period (in Slovak language).

Professional Memberships:

International Association of Wood Anatomists (2010-Present)
The Tree-Ring Society (2011-Present)
The Register of Professional Archaeologists (2015-Present)
Society for American Archaeology (2014-Present)
Society of Ethnobiology (2012, 2016-Present)
Society for Economic Botany (2017)

Professional Experience:

October 2009-Present

PaleoResearch Institute, Inc., Golden, Colorado. Macrofloral and Charcoal/Wood Analyst. Duties include flotation and sorting of macrofloral samples; identification of seeds, charcoal, wood and other botanic remains in macrofloral samples; as well as documentation and writing technical reports. Responsible for selection of remains for AMS radiocarbon age determination, calibration, and interpretation of AMS radiocarbon dates.

May 2008-August 2009

Mercyhurst Archaeological Institute, Erie, Pennsylvania. Graduate Level Research Assistant. Conducted excavations and implemented conservation techniques on perishable materials (sediment blocks from Shiloh Mound, Tennessee) under the guidance of Dr. James Adovasio. Participated in excavation projects in Pennsylvania including, Meadville and various CRM projects at Meadowcroft. Served as a teaching assistant and conservation expert for summer field school excavation at historic site Fort Burgwin, Taos, New Mexico. Participated in summer field school at the Shoop Site, Pennsylvania and the Gault Site, Texas.

May 2007-February 2008

Gemer-Malohont Museum, Rimavská Sobota, Slovakia. Archaeologist and Curator of Archaeological Collections. Duties included processing archaeological artifacts, curating materials to required standards, archaeological survey, and exhibit preparation.

2007-2009

National Council for Culture & Art and Letters, Kuwait City, Kuwait, and Archaeological Institute of Slovak Academy of Sciences, Nitra, Slovakia. Paleoenvironmental Assistant. Participated in three research campaigns with the Kuwaiti-Slovak Archaeological Mission (KSAM) at the Bronze Age site Al-Khidr, Failaka Island, Kuwait. Responsibilities included flotation and sorting of paleobotanical and paleozoological material, data entry and seasonal report writing, as well as analysis and technical drawing of scenes carved on Dilmun stamp seals.

July 2006-October 2006

Archaeological Institute of the Slovak Academy of Sciences, Nitra, Slovakia. Archaeological Field Technician at a multicultural site in the old city center of Nitra, and at the Bronze Age site Stránska-Kraliny. Responsibilities included all aspects of excavation, documentation, and processing of artifacts.

March 2005-September 2005

Archaeological Institute of the Slovak Academy of Sciences, Nitra, Slovakia. Undergraduate Research Assistant. Analysis of archaeobotanical samples from various sites in Slovakia, under the guidance of Dr. Mária Hajnalová.

September 2001-October 2004

Archaeological Institute of the Slovak Academy of Sciences, Nitra, Slovakia, Constantine the Philosopher University, Nitra, Slovakia, and Hungarian National Museum, Budapest, Hungary. Conducted fieldwork at various sites in Slovakia and Hungary. Duties included excavation, mapping, artifact processing, archaeological survey, and served as a summer field school teaching assistant.

Special Interests:

Archaeobotany, Macrofloral Analysis, Anthracology - Analysis of Charcoal from Archaeological Sites, Wood Anatomy and Identification, SEM (scanning electron microscope) Photography, AMS Radiocarbon Dating, Firewood Management in Prehistoric Societies and Paleoenvironmental Reconstruction, Dendrochronology, Fiber Identification, Coprolite Analysis, Shipwrecks and Underwater Archaeology, Archaeology of Southwest and California, Central European Archaeology, Middle Eastern Archaeology, History of Agriculture and Plant Domestication, Photography.

- 2016 Charcoal Identification and AMS Radiocarbon Age Determination for Samples from Sites VT-OR-034 (Farrell Site), VT-OR-062, VT-OR-0108 (Lower Plain Site), and VT-WD-354 (Putney Brook North Site) in Orange and Windham Counties, Vermont. Ms. on file with The Public Archaeology Laboratory, Inc., Pawtucket, Rhode Island. PRI Technical Report 2016-069.
- 2016 Macrofloral Analysis, Bone Collagen Extraction, and AMS Radiocarbon Age Determination for Samples From Project 14-69 and Project 15-25 (Pad J), Campbell County, Wyoming. Ms. on file with ACR Consultants, Inc., Sheridan, Wyoming. Co-authored by Peter Kováčik and Jennifer L. B. Milligan. PRI Technical Report 2016-044.
- 2016 Macrofloral Analysis of a Sediment Sample from Site 26CH3340, Churchill County, Nevada. Ms. on file with ASM Affiliates, Inc., Reno, Nevada. PRI Technical Report 2016-056.
- 2016 Pollen, Starch, and Macrofloral Analysis of Samples from Sites 26CH3544, 26CH3548, and 26CH3549, Churchill County, Nevada. Ms. on file with ASM Affiliates, Inc., Reno, Nevada. Co-authored by Peter Kováčik and Linda Scott Cummings. PRI Technical Report 2016-055.
- 2016 Charcoal Identification and AMS Radiocarbon Age Determination of a Sample from LA 54325, Eddy County, New Mexico. Ms. on file with Boone Arch Services of NM, LLC. PRI Technical Report 2016-075.
- 2016 Charcoal Identification and AMS Radiocarbon Age Determination for Site 27-GR-179, Grafton County, New Hampshire. Ms. on file with the State of New Hampshire Department of Cultural Resources, Division of Historical Resources, Concord, New Hampshire. PRI Technical Report 2016-080.
- 2016 Wood Identification and AMS Radiocarbon Age Determination for Submerged Samples from the Atlantic Continental Shelf. Ms. on file with the Smithsonian Institution, National Museum of Natural History, Department of Anthropology, Washington, D.C. PRI Technical Report 2016-068.
- 2016 Pollen, Parasite, Phytolith, and Macrofloral Analysis of a Coprolite Sample from Site CA-SBR-14, San Bernardino County, California. Ms. on file with Naval Air Weapons Station China Lake, Environmental Division, China Lake, California. Co-authored by Linda Scott Cummings, Jennifer L. B. Milligan, and Peter Kováčik. PRI Technical Report 2016-065.
- 2016 Macrofloral, Pollen, Organic Residue (FTIR), and Protein Residue (CIEP) Analysis, Charcoal Identification and AMS Radiocarbon Age Determination for Samples from Sites in the Long Canyon Data Recovery Project, Elko County, Nevada. Ms. on file with ASM Affiliates, Inc., Boise, Idaho. Co-authored by Peter Kováčik, Linda Scott Cummings, and Jennifer L. B. Milligan. PRI Technical Report 2015-091.
- 2016 Pollen, Phytolith, Starch, Macrofloral, and Organic Residue (FTIR) Analysis of Samples from Site 46BX114, Braxton County, West Virginia. Ms. on file with SEARCH, Inc., New Berry, Florida. Co-authored by Peter Kováčik and Linda Scott Cummings. PRI Technical Report 2016-099.
- 2016 Wood Identification and AMS Radiocarbon Age Determination for a Possible Dugout Canoe Found in Big Swan Lake, Meeker County, Minnesota. Ms. on file with Maritime Heritage Minnesota, St. Paul, Minnesota. PRI Technical Report 2016-093.
- 2016 Charcoal Identification and AMS Radiocarbon Age Determination of Samples from the Acushnet LNG Site, Bristol County, Massachusetts. Ms. on file with the Public Archaeology Laboratory, Pawtucket, Rhode Island. PRI Technical Report 2016-095.

Limited Distribution Reports and Unpublished Manuscripts:

- 2016 Phytolith, Starch, Protein Residue, Ceramic Residue, and Macrofloral Analysis and AMS Radiocarbon Age Determination for Samples from Sites RI 1249, RI 2621, RI 2623, and RI 2628, Washington County, Rhode Island. Ms. on file with Mashantucket Pequot Museum & Research Center, Mashantucket, Connecticut. Co-authored by Linda Scott Cummings, Jennifer L. B. Milligan, and Peter Kováčik. PRI Technical Report 2016-049.
- 2016 Examination of Bulk Soil, Microcharcoal Extraction, and AMS Radiocarbon Age Determination of Samples from the Drum Mountains Paleoseismic Trench, Millard County, Utah. Ms. on file with the University of Michigan, Department of Earth and Environmental Science, Ann Arbor, Michigan. PRI Technical Report 2016-070.
- 2016 Macrofloral Identification, Microcharcoal Extraction, and AMS Radiocarbon Age Determination of Bulk Sediment Samples from 972 San Vicente AP, West Hollywood, Los Angeles County, California. Ms. on file with John Helms, CEG, Palmdale, California. PRI Technical Report 2016-105.
- 2016 Macrofloral Analysis and AMS Radiocarbon Age Determination for Samples From Sites GS-1, GS-2, and GS-3 of the Garland Solar Project, Kern County, California. Ms. on file with Rincon Consultants, Inc., Ventura, California. PRI Technical Report 2016-100.
- 2016 Recovery of Potential Radiocarbon Dateable Material from The Burbank Fault Trenches, Kittitas County, Washington. Ms. on file with U.S. Geological Survey, Seattle, Washington. PRI Technical Report 2016-087.
- 2016 Pollen and Macrofloral Analysis, Charcoal Identification, and AMS Radiocarbon Age Determination of Samples from Site LA 72048, Bernalillo County, New Mexico. Ms. on file with Lone Mountain Archaeological Services, Inc. Co-authored by Linda Scott Cummings and Peter Kováčik. PRI Technical Report 2016-085.
- 2016 Examination of Bulk Soil, Microcharcoal Extraction, and AMS Radiocarbon Age Determination of Material from the Water Moccasin Trench Project, Meers Fault, Kiowa County, Oklahoma. Ms. on file with Portland State University Geology Department, Portland, Oregon. PRI Technical Report 2016-110.
- 2016 Examination of Bulk Soil, Microcharcoal Extraction, and AMS Radiocarbon Age Determination for the North Trench of the Spring Valley Paleoseismic Investigation, Sonoma County, California. Ms. on file with Fugro Consultants, Inc., Walnut Creek, California And the Earthquake Science Center, USGS, Menlo Park, California. PRI Technical Reports 2016-032 and 2016-092.
- 2016 Macrofloral Analysis of Samples from the Cottontail Rockshelter (10-CL-23), Skull Canyon, Clark County, Idaho. Ms. on file with Weber State University, Department of Sociology and Anthropology, Ogden, Utah. PRI Technical Report 2016-058.
- 2016 Organic Residue (FTIR) Analysis, Macrofloral Analysis, Charcoal Identification, and AMS Radiocarbon Age Determination of Samples from Sites 48YE304 and 48YE380, Teton County, Wyoming. Ms. on file with University of Montana, Department of Anthropology, Missoula, Montana. Co-authored by Linda Scott Cummings and Peter Kováčik. PRI Technical Report 2016-082.
- 2016 Charcoal Identification and AMS Radiocarbon Age Determination of a Sample from Site 27-CO-74, Coos County, New Hampshire. Ms. on file with New Hampshire Division of Historical Resources, Concord, New Hampshire. PRI Technical Report 2016-109.

Limited Distribution Reports and Unpublished Manuscripts:

- 2016 Phytolith and Macrofloral Analysis of Samples from Site 5LA10536, Las Animas County, Colorado.
